

PUBLIC EXHIBITIONS

Willington C Power Station Gas Pipeline

At the end of 2009, RWE npower submitted a consent application to the Government's Department for Energy and Climate Change (DECC) for a new gas-fired power station at Willington. If built, the new station would be powered by natural gas and a new pipeline would be required to transport gas to the new power station.

We are currently investigating possible routes for a new gas pipeline and we would like to invite you to our upcoming public exhibitions which are an opportunity for you to find out more about our initial proposals and provide your feedback.

The events will take place on:

Monday 12th July 2010 3pm until 8pm	Rangemore Club, Tatenhill Lane, Rangemore
Tuesday 13 July 2010 3pm until 8pm	Willington Sports & Social Club, Twyford Road, Willington
Thursday 15 July 2010 3pm until 8pm,	Old Grammar School Rooms (adjacent to St Mary's Church) Church Road, Rolleston on Dove
Friday 16 July 2010 3pm until 8pm	Yoxall Parish Hall, King Street, Yoxall

We hope to see you at one of these events and look forward to answering any questions you may have and hearing your views on our proposals for the Willington C Gas Pipeline. In the meantime, if you require any further information please contact the Willington gas pipeline information hotline on **0845 313 2182** or email contact@npowerwillington-gas.co.uk
